

Premium Sublimation Ink for high performance direct to PES fabric printing

PRODUCT DESCRIPTION

- Specifically designed for the latest generation industrial printhead technology e.g. Kyocera, RicohGen5 & KM1024
- Produces exceptional color results with the industry's largest color gamut
- Provides better ink yield resulting in high density images with lower ink consumption
- Creates durable chemical bond with fabrics for excellent wear and wash resistance
- Offers enhanced run-ability with low printer maintenance and maximum uptime
- Dries quickly to improve color uniformity and reduce waste

AATCC / ISO RESULTS

	Light Fastness	Water Fastness	Alkali Perp. Fastness
C	5/6	4/5	4/5
M	6/7	4/5	5
Y	6/7	4/5	4/5
K	5/6	4/5	5
