

Premium Sublimation Ink
for high-speed paper transfer
printing for Kyocera printheads

PRODUCT DESCRIPTION

- Newly developed sublimation inks for extreme printing speed
- Solves the «open time» issue and ensures continuous printing mode without maintenance
- Grants the best ratio color saturation vs. cost of ownership
- Produces superior color results with the industry's largest color gamut
- Specially formulated to provide extended run-ability with minimal maintenance and maximum uptime
- Dries quickly to improve color uniformity and reduce waste
- High yield transfer rates with all commercially available transfer papers incl. uncoated papers
- Oeko-Tex 100, RoHS and CPSIA compliant
- Aqueous ink formulated without VOCs for a safer work environment

AATCC / ISO RESULTS

	Light Fastness	Water Fastness	Alkali Perspiration Fastness
Cyan	5/6	4/5	4/5
Magenta	6/7	4/5	5
Yellow	6/7	4/5	4/5
Perfect Black	5/6	4/5	4/5
Blue	5/6	4/5	5
Orange	5/6	4/5	5
